Monday  
4/29/96

9:00am Fr. Sullivan - SU bought a law school a few years ago.  
(other presidents want to know why)

Lito - his Univ. is the first institution of any kind in El Salvador  
Ibarra to set up a Web page within El Salvador. (two newspapers  
have web page set up outside the country.)

See notes on attendee list (from morning session)

e-mail guidelines for students - how do we do it better?  
junk mail - chain letters - etiquette - do & don'ts

11:30

Steve King - IT Planning & Governance

Deathly after lunch session - siesta talk. Too abstract.

→ Can we put a session into orientation dealing w/ computer & information services? Holycross started ~~to~~ doing this in 1995. 30-60 min on services, responsibilities, & privileges for students. I seem to remember that Chit & I gave session like this in Aug '95 - students self-selected what sessions to attend.

→ what about a contact - college wide - to name the consensus computing environment?  
at Holycross, the new name is The Cross Way.

~~Lab changes with Lib. Rep. Ad. Comm. no increase in staff~~

In early June - I need to take 1 day just to clean my office. 1-4 days to work on long term (days I'm not available) organize it. → projects

if a day to clean the Archive Room / a few days in seismo station?
