

# AJCU Technology Fee Survey

December 12, 1997

Institution	Technology Fee	Technology Fee Planned	Anticipates Students Required to Have a PC
1. Creighton University	\$25/Sem	--	In discussion
2. University of Detroit Mercy	\$20/Sem	--	No
3. Loyola University New Orleans	\$40/Sem	--	Laptop Fall 1999
4. University of San Francisco	No	No	2-3 Years
5. Boston College	No	No	May do prototype
6. St. Louis University	No	No	In discussion
7. University of Scranton	Rolled into tuition (1 yr ago)	--	Possibility
8. Georgetown University	No	Maybe	Not immediately
9. Wheeling Jesuit University	\$100/Sem	--	No
10. Canisius College	\$40/Student/S elected Classes	No	No
11. Fordham University	No	?	Being considered
12. St. Joseph's University	No	? \$50/Sem	Under discussion –Pilot: Laptop for Sch. of Bus.
13. Marquette University	No	No	Exploring
14. Santa Clara University	No	No	No
15. College of the Holy Cross	No	No	Maybe FY 2000 / Laptops
16. Seattle University	No	No	Law School only Fall 1999
17. Loyola College in Maryland	\$100/Sem for Tel., Data, TV, etc.	--	Bus. School Potentially in 1999
18. Loyola University Chicago	No	No	No
19. Gonzaga University	\$50/Sem	--	No

## Summary Of Responses

Received nineteen responses. A summary of responses follows. Details are in the previous table.

### Technology Fee:

Eight institutions have a technology fee of some type. One of these did charge a fee that was rolled into tuition. One has a fee for selected classes only and another includes telephone and other services in the fee. Two institutions are considering charging a fee. Nine institutions do not charge a technology fee and are not now planning to do so.

The average fee for those that have a specific technology fee for computer technology, as I see it, is \$47 per semester. I would note that, according to Kenneth Green's Campus Computing Report, the average technology fee for Public Universities is \$140 and \$132 for Private Universities.

### Students Required to Have a PC:

Only six of the 19 institutions responding are not considering or discussing requiring each student to have a computer.
