Description
The Cuneo Mansion & Gardens is an historic mansion dating from 1914 nestled on 75 acres of vistas and formal gardens. The Italianate architecture is the work of architect Benjamin Marshall, who was commissioned by Samuel Insull to create a summer villa. Owned by the Cuneo family from 1937-1990 the museum is now operated for public tours. Tour groups are welcome. Don't miss the Winter Wonderland Festival of Lights every Thanksgiving through Christmas.
